<https://www.linkedin.com/in/mohammad-alam-73516425a/>

AREAS OF EXPERTISE

My expertise in React.js, Node.js, Express.js and MongoDB allows me to build dynamic and responsive applications that meet the needs of clients and users alike. With a passion for clean and efficient code, I am able to develop scalable and maintainable solutions that provide a seamless user experience. My experience working in agile environments, collaborating with cross-functional teams, and integrating third-party APIs makes me an invaluable asset to any project.
